

## Mission

NYSACRA represents the collective voice of its members in promoting the full participation of persons with developmental disabilities in the communities of New York State. NYSACRA executes this mission by:

-

in influencing public policy, public understanding and community action dedicated to quality services designed to realize inclusion and meet individual need;

-

acting as a resource to provide services, advocacy, information, technical assistance, education, collaboration and networking experiences to our members; and

-

promoting choice, quality supports and services in the community, in partnership with people with developmental disabilities, their families, those who provide their supports, and others involved in their lives.

NYSACRA members are voluntary not-for-profit agencies that serve people with developmental disabilities, their families, and the vendors and other affiliated organizations providing services.

NYSACRA is a catalyst and leading advocate for public policies, practices and organizations that benefit people with developmental disabilities.
